

JOB VACANCY

Grade 3 Scientist

- **Histology – Full Time**
- **Afternoon Shift Supervisor - Specimen Reception, Cut Up & Tissue Processing**

This is a career opportunity for an enthusiastic, appropriately qualified, experienced Medical Scientist to join our Histology team located in Heidelberg, Melbourne Victoria.

The afternoon shift supervisor will lead the specimen receipt and cut up team, support scientists and technicians in cut up, review procedures, complete quality reviews and drive efficiency and workflow improvements.

This is a rare opportunity for an ambitious Histology professional to make their mark in a large, premier Anatomical Pathology practice experiencing growth and transformation.

Come and join a team dedicated to providing a quality service for our patients and practitioners.

To be considered for this role you will possess:

- appropriate tertiary qualifications - Bachelor of Applied Science (Med Lab Science) or similar relevant qualification
- current histological cut up knowledge & experience
- demonstrated supervisory experience
- a minimum of 6 years' experience in all aspects of routine Histology
- the ability to lead a team in a fast paced, demanding environment
- strong attention to detail, effective problem-solving skills & excellent verbal and written communication skills
- experience with WH&S, NATA and quality management systems will be well regarded

Applications including a cover letter, resume and professional referees to:

Marissa Lasham, Chief Scientist – Histology
